Dear Jeff:

This acknowledges receipt of your recent letter and information regarding your personal experience with drinking and driving.

Jeff, our organization educates our players a great deal on the dangers of drinking and driving. So, a copy of your letter will be posted in our clubhouse so that our players can view your information and personal experience.

Appreciate your taking the time to write and glad that things are working better for you.

Sincerely,

A handwritten signature in cursive script that reads "David".

David Dombrowski
President and General Manager
